Stewardship report for Sunday, August 28, 2016

Our Time and Talents: Sunday School: 77 (73 members, 4 visitors); Worship: 125

Our Financial Resources: Budget Offering: \$7,181.00 (required weekly \$4,876.65)

During the adult Bible study time on Wednesday, August 31, Rev. Robert Leonard shared with us the work and ministry of the NC Baptist Aging Ministry (NCBAM). NCBAM is committed to helping NC's aging maintain their independence and enjoy quality lives. One of the greatest risks to the health of aging adults is from improper use of medications. Factors that contribute to medication mismanagement include poor communication between patient and healthcare providers, the use of several prescriptions, the use of internet pharmacies, and an inability to take medications as prescribed. Red Bags can help!

Benefits of Red Bags

- Red Bags make it easy to store all non temperature-sensitive medications in one place.
- Red Bags are insulated so that temperature-sensitive medicines can be taken to doctor visits or on other short trips.
- Emergency responders in North Carolina are trained to look for Red Bags when they enter the homes of aging adults.

When shared with healthcare professionals, Red Bags prevent overmedication and reduce the risk of prescribing conflicting medicines. Each Red Bag includes a Red Bag brochure with a My Med List medicine chart, a Red Bag Checklist card, and an easily understood Plan of Salvation Card.

If you are interested in having a Red Bag, please complete the information requested on the sign-up sheets located on the sanctuary side tables and the church will take care of getting a Red Bag for you.
